

Searching for Health Clues - Year 10 Workshop

On Tuesday 19th May 2009, HNR is hosting a workshop for Year 10 Gifted and Talented students. During the day, students will have the opportunity to see one of Britain's most advanced mass spectrometry laboratories, to do activities which will help them to understand how the mass spectrometer works, and to get a chemical profile from their own cells from the mass spectrometer and discover their own biomarkers.

The session will run from 10.30am to 3.30pm. Places are limited to a maximum of 12 and there is a £10 charge for this event.

Closing date for all completed applications is Tuesday 12th May 2009.
